Built tough to work and play hard.

N4015 provides mainstream features, performance and price, with added piece of mind from enhanced ruggedized protection.

Run PC recommends Microsoft® Windows® XP Professional

Nobilis® N4015 Notebook

According to an independent study, 18% of notebook computers will be physically damaged and returned for repair in the first year of ownership. Over 60% of these notebook computers are damaged by accidental drop and over 30% are damaged by liquid spills.

N4015 incorporates enhanced structural protection for critical components such as CPU and memory along with rubberized mounting of the hard drive and LCD. It also provides a spill resistant work surface protecting the keyboard and touch pad, and Magnesium alloy shell that is 20 times stronger than plastic chassis.

With pricing as much as 50% less than fully ruggedized notebooks, the N4015 offers you the rugged features you need to lower the risk of damage which may occur during normal daily use.

In short, the N4015 is tough enough to meet the Military 810F ruggedized specification yet designed and priced for the small to medium business segment.
